Introduction

Join the leaders in the field of Horticulture and Landscape Design education and training.

Our track record of 25 years ensures that we deliver the ultimate professional service to all our clients and learners.

We believe in changing learners lives by providing them with the skills and knowledge to uplift themselves and their families.

It is not just providing a skill; we provide life skills on a continuous basis and ensure that all learners benefit from the training sessions.

Our philosophy is to transform every learner that comes through our doors.

Let's build a better South Africa together through education and training.

The History of Lifestyle College

Lifestyle College is a BBBEE company owned by Managing Director Mr. Andries Maphala.

Mr. Maphala holds a degree in Labour Relations and he decided to change careers 8 years ago and join the Lifestyle College family. Since joining the College has blossomed in providing quality training and education.

Setting his goal on remaining one of the best professional service providers is what drives Mr Maphala to achieve excellence within the Lifestyle College.

After humble beginnings under a tree the College has grown to a fully-fledged Private Provider of Education and Training with amazing facilities.

Lifestyle College is situated in the premises of Lifestyle Garden Centre.

Address: Cnr Beyers Naude Drive and

Ysterhout Avenue

Randpark Ridge, 2156

FACTUAL FINDINGS IN ACCORDANCE WITH INTERNATIONAL STANDARDS ON RELATED SERVICES:

Broad Based BEE status contributor level	Level 2
BEE procurement recognition level	125%
Black Ownership	80%
Black Women Ownership	0%
Empowering Supplier	Yes
Enterprise Development Beneficiary	Yes
Factual findings for the period relating to the 12 months ended	30 June 2015
EME status valid for 12 months ending	25 April 2017

This document is an annexure to a factual findings report dated 04 May 2016. The factual findings report was issued to the directors of the entity as a result of a factual findings engagement performed in accordance with the International Standards on Related Services. The procedures we performed in order to provide a basis for our factual findings report were performed solely to assist the entity in determining its BEE status based on information and documentation provided to us. In performing our procedures we have used SASAE 3502 (Assurance engagements on Broad-Based Black Economic Empowerment Verification Certificates) principles and guidelines, which are usually, associated with B-BBEE assurance engagements, however it should be noted that this report does not constitute an audit report; neither do we provide a B-BBEE certificate as defined in the codes of good practice. The SASAE standard, therefore, was only used for guidance.

Although the abovementioned is the current level of turnover/income, and is closely related to the economic indicators, it may be more or less in future. Consequently, this factual findings report does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start-up enterprise this factual findings report is valid only for contracts with a single value of less than or equal to R10 million. Should the contract value being tendered for be higher than R10 million and less than R50 million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R50 million a B-BBEE Verification Certificate based on the Generic Codes stipulated in the Broad Based Black Economic Empowerment Act, Act 53 of 2003, must be submitted.

Based on our procedures, which do not constitute an audit or review, we have determined that the turnover / income is less than or equal to R10 million, and that the level of Black Ownership/Black Women Ownership is at a Level 2. The EME status is valid for a period of 12 months from the date of the affidavit or date of the certificate issued by the Companies Intellectual Property Commission.

This summary is only valid as confirmation of the EME status of the entity if issued with the sworn affidavit. We do not accept or assume responsibility to anyone other than Lifestyle College Training Institute and Consultancy (Pty) Ltd, for our work, for this report, or for the conclusion we have reached.

- by calling the SARS Contact Centre
- at your nearest SARS branch

This certificate is issued in respect of the taxpayer's tax compliance status only, and does not address any other aspect of the taxpayer's affairs.

This certificate is issued free of charge by SARS

The Lifestyle College Difference

- Lifestyle College believes in growing individuals by equipping them with skills that improve their lives. We encourage our learners to use these skills in their own greater community
- A team of highly qualified and passionate facilitators ensure that every individual learner life is transformed by passing through our training process
- The passionate team is all qualified in facilitating as well as assessing and receive yearly refresher course to keep them professional in their performance
- Our strict Code of Ethics ensures that our staff delivers the best professional service to our clients
- Adhering to our Quality Management System we ensure that all processes are in place to deliver services that ensure the integrity of the learning experience

Why Lifestyle College has a Unique Offering

- We are one of the few BBBEE training providers in the Green Industry. Owned by Andries Maphala
- We believe that our Industry still requires transformation to ensure equal opportunities for all
- We have been around since 1991 and that gives us 25 years of experience in the training Industry
- Our team is headed by a highly qualified Horticulturist who has specialised in training and education for over 27 years
- Lifestyle College has the backing and support of two of the largest players in the Green Industry; Lifestyle Garden Centre and Life Landscapes
- Our International accreditation with City and Guilds shows that we are the only College in Southern Africa to offer an international landscaping qualification
- Our affiliations and accreditations with all the key role players in the Industry ensure that we are current and up to date with the Industry training needs
- Lifestyle College is the only Private Provider of horticulture and landscaping courses in Southern Africa

Graduates and Learners

360 qualifications in City & Guilds in Landscape Design.

508 learners completed learnerships or short skills courses.

Our Champion Graduates

Some of our success stories of graduates from Lifestyle College:

Priscilla Banda

Started studying at Lifestyle College in 2004 and graduated in 2006 as a Landscape Designer. Priscilla has established a successful Landscaping company called Green Dimensions. As a renowned designer Priscilla has won several awards for her designs.

Priscilla has an international company that expands across our borders and has done several large projects in different countries.

Melanie Walker

Melanie started studying at Lifestyle College in 2004 and graduated in 2008 as a Landscape Designer. Previously a TV personality, Melanie took up the role of the gardening editor for the Garden and Home Magazine.

After a few years her love for radio and TV was revived. Melanie's popular radio gardening program can be heard on SAFM weekly. The Home Channel then approached Melanie to do several series of Design a Garden for DSTV. The success of the series led to the series called Gardening 101. Melanie is also chairperson of the Lifestyle Garden Club that has a membership of approximately 100 members.

Corporate Social Responsibility

Community projects with whom Lifestyle College has been involved:

- Mamelodi Old Age Home
- Ratanda Old Age Home
- Mohlakeng Old Age Home
- Hluwazi Secondary School
- Batataise youth development
- Morutathuto Primary School

Learners installing concrete paving and water feature

Learner being taught how to lay paving

Hluwazi Secondary school project – Mandela Day

Learners installing irrigation equipment

Our Clients

Previous clients we have partnered with:

- Amaloba Horticultural services
- Central Nursery Depot
- Classic Gardens
- Compass Group SA
- Gauteng Department of Education
- Gauteng Department of Health
- Johannesburg City Parks
- Kamawa Trading Enterprise
- Lephalale municipality
- Life indoors
- Life Landscapes
- Lifestyle Garden centre
- South African Police
- Sedibeng Water
- Thabazimbi Municipality
- Unisa

Our Partnerships

Lifestyle Home Garden

Being situated in Lifestyle Garden Centre we have access to one of the largest selection of landscape material in Gauteng. This provides us with excellent learning opportunities for our learners.

Lifestyle Home Garden hosts a yearly Garden Design Show that is designed and installed by Lifestyle College learners. This draws a record number of people to view the designs and get ideas for their own gardens.

Lifestyle Garden Design Show is the case in the gardening calendar. The leading Garden Centre in South Africa offers us unique opportunities to teach our learners in one of the best gardening retail spaces.

As the initial founders of Lifestyle College before selling to Andries Maphala we have a supportive relationship with Lifestyle Garden Centre directors.

Life Landscapes

The College benefits from a close working relationship with Life Landscapes who provide ideal learning experiences for learners on their landscape sites.

This partnership allows our learners to gain valuable practical knowledge within the landscape Industry.

Life Landscapes is one of the biggest and fastest growing international landscape company's.

As previous founding directors of Lifestyle College, they offer us guidance and support.

As a national company we are able to tap into their resources in any part of the country.
